

## MIUI V8 ROM For HTC One M7 ((FREE))

June 1, 2017 à€” First of all, download the MIUI V8 firmware file for your HTC One M7. Then transfer the ROM to your phone's internal storage, not . Ý. . Ý. . Ý. Then find your device version in the list below. If the firmware you choose is not the one you chose, or doesn't even exist, then you need to go to your app store and download and install the ROM. If you do not have access to your . Ý. . Ý. . Ý. then you will have to ask your friends for help. Go to the download page. You must start with the firmware, which is the most recent version of the software. For example, in my case it was V8 for HTC One M7.
